PROFILE

Career driven and ambitious, I consider myself a budding web developer with a passion for developing applications for businesses. I've been trained and attuned to meeting deadlines, learning new technologies, speaking directly with clients and developing full stack projects with minimal supervision. I'm an adaptable self starter, eager to build up my career and reputation.

Technologies:
Javascript (ES5, ES6), React, Angular, Node.js, PHP, jQuery, Sass, Mysql, MongoDB, Apache, Wordpress, Python, Java, C, R Studio, Git, Appcelerator
